MOORE CONFERS WITH THE DISTRICT ATTORNEY

MEN WHO TESTIFIED  
BEFORE PROBERS  
MAY BE CITED ON  
CHARGE OF PERJURY

Hinted That Indictments Will  
be Sought Against G. O.  
P. Witnesses.  
BLOSSOM BARES THE  
CLEVELAND SECRET  
Admits That County Was Given  
a Quota of \$400,000.  
(International News Service)  
CHICAGO, Sept. 8.—Edmond H.  
Moore, personal representative of  
Governor Cox, and U. S. District At-  
torney Clyne held a conference here  
today, just before Moore ap-  
peared at the Senate committee's  
slush fund hearing.  
Neither Moore nor Clyne would dis-  
cuss the conference, but the fact  
that a conference had been held gave  
rise to rumors that charges of alleged  
perjury on the part of witnesses be-  
fore the Senate committee will be pre-  
sented to the grand jury.

(International News Service)  
CHICAGO, Sept. 8.—The republic-  
an fund quota of Cuyahoga county,  
Ohio, which includes Cleveland, has  
been set at \$400,000 and efforts are  
being made to raise that amount.  
Dudley S. Blossom, a "team captain"  
in the republican money raising forces  
in Cleveland, testified before the Sen-  
ate slush fund committee here today.  
At a dinner in August, Blossom  
said, a list of 3,000 republicans was  
made and 60 names were appointed  
to each of forty teams, appointed  
to raise the county's quota. Blossom  
emphasized that \$400,000 is not being  
raised in Cleveland alone, but that it  
is the quota for the whole of Cuya-  
hoga county. Cleveland, he said,  
would do no more than raise the  
money that Republican National  
Treasurer Upham had testified was  
its quota.

Blossom was the second witness  
called, the first being H. D. Garrett,  
of Winchester, Ky., chairman of the  
republican ways and means commit-  
tee for Kentucky.  
Each of these witnesses were called  
in the absence of Edmond H. Moore,  
who did not arrive until Blossom  
had completed his testimony.

Blossom said that the money—get-  
ting organization he described had  
been at work since about the middle  
of August and that up to Sept. 5,  
\$74,000 had been raised.

Georgia's quota for the republican  
national committee is \$25,000. C. W.  
McClure, chairman of the ways and  
means committee from that state,  
testified. McClure followed Blossom  
on the stand. Of this quota,  
McClure said, \$19,000 has been  
cleared but up to August 10 only \$6,  
000 had been paid. The \$25,000 fund  
is for the entire state, McClure said,  
and declared he had no definite knowl-  
edge of any \$25,000 quota for At-  
lanta alone. The total amount raised  
in Georgia to date for the national  
committee and the state and con-  
gressional campaigns, McClure said,  
is \$11,000.

BOOSTERS URGED  
TO REPORT EARLY

REQUESTED TO ASSEMBLE BY  
8 O'CLOCK EACH MORNING.  
FREE FERRY FRIDAY

Albany boosters were today urged  
by Secretary-Manager McDaniel of  
the Chamber of Commerce to report  
each morning not later than 8  
o'clock in order that they might get  
an early start. The trips are very  
long and the roads only in fair  
condition, and for this reason, it was  
stated, the trade evangels must get  
away on time.  
It was announced by M. McDaniel  
that on Friday, when the Limestone  
county trip is made, that the ferry  
tolls will be paid by the chamber of  
commerce. As some time will be re-  
quired to cross the river, the boosters  
must be on time that day, it was  
stressed.

WAR PROFITEERS ARE  
FILLING "WAR CHEST"

Charges Governor Cox, Who Says Woolen  
Company Most "Notorious."

(International News Service)  
CULBERSON, Mont., Sept. 8.—Gov-  
ernor Cox, democratic presidential  
nominee, entered Montana today on  
his swing around the circle deter-  
mined, in a speech to be delivered at  
an early date, to present evidence which  
he believes will show that those cor-  
porations which made greatest prof-  
its during the war are contributing  
most heavily to the \$15,000,000 slush  
fund which he says republican lead-  
ers are raising for the purpose of  
"buying the presidency."  
The American Woolen Company,  
the governor charged in his speech at  
Minot, N. D. last night, is the "most  
notorious profiteer in America," and  
he let it be known that he expects  
soon to be able to make public the  
result of surveys he has instigated  
into the circumstances surrounding  
the laying off of workmen.

REQUEST FOR RAISE  
IN PHONE RATES IS  
SET FOR HEARING

The hearing before the Alabama  
Public Service Commission on the re-  
quest of the Southern Bell Telephone  
company for an increase in phone  
charges, is set for October 5.  
Mayor James A. Nelson, of Deca-  
tur, today received notice from At-  
ticus Mullin, secretary of the com-  
mission, of the docketing of the peti-  
tion. The raise requested includes  
all municipalities in the state.

NEW RESIDENTIAL  
SECTION BE OPENED

STREETS ARE SHOWN ON PLAT  
FILED TODAY WITH PRO-  
BATE COURT

Another new residential section  
will be opened in Albany by the syn-  
dicate which purchased the Decatur  
Land company, following the passage  
of an ordinance by the Albany coun-  
cil last night permitting the opening  
of several new streets in the vicinity  
of the aviation field.  
The new streets to be opened are:  
8th, 9th, 10th and 11th and are  
shown on a new plat to be filed today  
with the probate court.  
The new residential section borders  
on Prospect Drive and is adjacent to  
the city park property, which extends  
from Fourth avenue to the Somerville  
road. The park property is being im-  
proved with a boulevard and it is  
planned later to improve the newly  
opened streets, opening them into the  
park boulevard.

ELECTION OFFICERS  
NAMED BY COUNCIL

Election officers were named by  
the Albany city council last night for  
the municipal election to be held on  
September 20, as follows:  
First ward—Inspectors: R. H.  
Ellis, O. W. Nix, Bob Kirkland;  
clerk: Luther Hanley, George War-  
rick; returning officer: W. B. New-  
son.  
Second ward—Inspectors: F. M.  
Hamilton, I. M. Eubanks, Henry  
Norton; clerks: H. W. Dillehay, Char-  
les Sittason; returning officer: J. H.  
Hill.  
Third ward—Inspectors: J. D. Mc-  
Garr, S. L. Cook, J. D. McCormack;  
clerk: C. Weigand, Will Winton;  
returning officer: B. C. Dodd.  
Fourth ward—Inspectors: W. L.  
Gover, E. R. Rainey, Ernest Walker;  
clerk: W. A. Britain, B. B. Pickens;  
returning officer: W. H. Sorber.

HARDING ABANDONS  
FRONT PORCH AND  
DELIVERS ADDRESS  
AT MINNESOTA FAIR

Republican Candidate Confines  
Remarks to Agricultural -  
Subjects.  
OPPOSES FIXING OF  
PRICES ON PRODUCTS  
Says That America Is at Forks  
of Road and Must Choose  
Course.

(International News Service)  
STATE FAIR GROUNDS, ST.  
PAUL, Minn., Sept. 8.—Speaking to-  
day at the Minnesota state fair on his  
first campaign trip outside of Ohio,  
Senator Warren G. Harding mapped  
out a definite program of agricultural  
policies to which he committed him-  
self and his party if he is elected in  
November.  
Senator Harding's speech was de-  
voted solely to agricultural matters  
and among his hearers were thou-  
sands of farmers from the great wheat  
belt of the northwest.

"America," the Senator declared,  
"has reached the fork in the road as  
regards agriculture. From a distinct-  
ly rural nation sixty years ago we  
have turned into an industrial nation  
wherein 70 per cent of the people  
dwell in the cities and the other 30  
per cent produce the food."  
"We are rapidly approaching the  
zero point from the standpoint of  
agricultural supplies to the world.  
The time is almost with us when  
our imports of farm-grown products  
will exceed the export. The time has  
come when as a nation we must de-  
termine upon a definite agricultural  
policy. We must decide whether we  
shall undertake to make the United  
States a self-sustaining nation, which  
means that we shall grow within our  
own boundaries all the staple food  
products needed to maintain the high-  
est type of civilization, or whether  
we shall continue to exploit our agri-  
cultural resources for the benefit of  
our industrial and commercial life  
and leave to posterity the task of  
finding enough food by strong-arm  
methods if necessary to support the  
coming hundreds of millions."

TO STOP PRICE-FIXING

Explaining a declaration accredited  
to him that he favored dollar wheat,  
Senator Harding almost gave the  
promise of the Republican party to  
stop price-fixing. He said:  
"Fourth, we promise to put an end  
to unnecessary price-fixing of farm  
products and to ill-considered efforts  
arbitrarily to reduce farm product  
prices. In times of national crisis,  
when there is a known scarcity of  
any necessary product, price control  
for the purpose of making a fair dis-  
tribution of the stores on hand may  
be both necessary and wise. But we  
know that there can be no repeal of  
natural laws—the eternal fundamen-  
tals. The history of the last three  
thousand years records the folly of  
such efforts. If the price of any farm  
product, for example, is arbitrarily  
fixed at a point which does not cover  
the cost of production, the farmer is  
compelled to reduce the production of  
that particular crop. This results in  
a shortage which in turn brings  
about higher prices than before, and  
thus intensifies the danger from  
which it was sought to escape. In  
times past, many nations have tried  
to hold down living costs by arbitrar-  
ily fixing prices of farm products.  
All such efforts have failed, and have  
usually brought national disaster."

Olive Thomas, Star  
of Movie, Poisoned

(International News Service)  
PARIS, Sept. 8.—Olive Thomas,  
American movie star, was recovering  
in the hospital today from a dose of  
poison, taken, according to friends,  
under the belief that it was sleeping  
powder. It was stated that Miss  
Thomas was suffering from insomnia.  
Her husband, Jack Pickford, was  
with her at the hospital today.

COUNTER PROPOSAL IS MADE BY  
DECATUR TO WATER COMPANY  
ON PROPOSED HIGHER RATES

ELECTRIC SIGNALS  
TO BE INSTALLED  
BY RAILROAD AT  
MOULTON CROSSING

Louisville and Nashville Will  
Build New Safety Device  
at Once.

FERRY INTERESTS ARE  
EXPLAINED TO BOARD  
Referred to Street Committee  
for an Investigation and  
Report.

A system of electric signals will  
be installed at the Moulton street  
crossing by the Louisville and Nash-  
ville railroad in accordance with the  
expressed desire of the City of Al-  
bany. Judge John C. Eyster, as at-  
torney for the L. & N., last night  
introduced an ordinance at the regular  
meeting of the council, providing for  
installation of the signal system. The  
ordinance was adopted by unanimous  
consent of the council.

The session of the council was one  
of the longest in recent months. It  
had been expected the meeting would  
be the last of the present board of  
aldermen, but it was considered prob-  
able today that a special session  
will be called later to wind-up the  
affairs of the present administration.  
There was an extended discussion  
of the proposed new ferry to be op-  
erated by Boggs Brothers. Thomas  
W. Wert, attorney for the Boggs in-  
terests, appeared before the council  
seeking the city's permission for a  
landing on this side of the Tennessee  
river. Charles E. Eyster spoke in  
behalf of the Walker interests, pres-  
ents owners of the Decatur and Al-  
bany ferry lines. The matter was  
referred to the street committee which  
will go over the grounds and report  
to the council.

SENATOR MOSES IS  
WINNER, LAFOLLETTE  
FORCES ARE BEATEN

MILWAUKEE, Sept. 8.—Scattering  
and very incomplete returns available  
this morning indicated the probable  
re-nomination in yesterday's primar-  
ies of Senator Lenroot as the republi-  
can candidate for U. S. Senator. Such  
returns as have been received give  
Lenroot a slight lead over James  
Thompson, the candidate of the La  
Follette faction.  
In the gubernatorial race, Roy T.  
Wilcox appeared to be leading James  
G. Blaine, La Follette man, for the  
republican nomination.

MOSES WINS OUT

CONCORD, N. H., Sept. 8.—In  
what is regarded the first voting test  
on the league of nation, United  
States Senator George H. Moses, one  
of the senate's irreconcilables, was  
re-nominated in the state republican  
primaries. Almost complete returns  
today showed that Huntley Spaulding,  
former state food administrator,  
running against Moses, and favoring  
the league with Lodge reservations,  
was defeated by several thousand  
votes.

MORE THAN TEN THOUSAND  
ALABAMA MINERS ON STRIKE  
UNION OFFICIALS DECLARE

BIRMINGHAM, Sept. 8.—With the  
strike of Alabama coal miners in full  
swing today, union officials report  
that between 10,000 and 12,000 men  
have answered the call. Operators say  
that the total number of men absent  
from the mines is less than 6,500.  
Operators declare that the produc-  
tion will be better today than it has  
been this week, and that the strike  
will have practically no effect upon

BACK TIME CHECKS  
WILL BE HANDED TO  
LOCAL SHOPMEN ON  
THEIR NEXT PAY DAY

Official Statement to This Ef-  
fect is Posted in L. &  
N. Shops Here.

FIGHT OF CRAFTS FOR  
HIGHER WAGE REVIEWED

Acceptance of Agreement is  
Considered Another Vic-  
tory for Arbitration.  
(J. E. Blair)

That most discussed question here,  
excluding home—"When will the back  
time he paid?"—has been answered by  
an official statement to the effect,  
that when the next regular pay is  
made at the Louisville and Nashville  
shops, the back time checks will also  
be handed over. With the payment  
of this money ends the last to date  
of a number of successful efforts of  
the Railroad workers of the nation  
to keep their pay in the neighbor-  
hood of the continually mounting  
costs of living.

It will be recalled that just before  
America entered the war, led by the  
four big brotherhoods, all the rail  
workers made request through their  
union heads for improved working  
conditions, shorter hours and more  
pay. The result of this first effort  
brought increases in pay in some de-  
partments, and also finally resulted  
in the passage of the Adamson eight  
hour law, a move which at the time  
it was made denounced as revolution-  
ary and subversive. Finally the  
Adamson law was declared constitu-  
tional by the supreme court, in a de-  
cision so worded as taken by some to  
mean that the federal government  
from henceforth would have the  
power over the roads to prevent na-  
tion-wide strikes, though that pro-  
vision was never tested.

Soon after the entry of America  
in the war, a second attempt was  
made for an increase in pay for rail-  
road workers, and a commission was  
appointed headed by Ex-President  
Taft and Frank P. Walsh. This com-  
mission's report allowed only a few  
cents raise, and proved very disap-  
pointing. About this time Director  
General McAdoo of the National rail-  
road administration, took a hand, and  
according to "tradition," made a quick  
over night decision in favor of the  
railroad workers which jumped those  
who were receiving around fifty-five  
cents an hour to 68 cents per hour.  
That raise was received with more  
satisfaction than any of them, in-  
cluding the present raise, just now  
being completed.

The "McAdoo award," as it was  
called, came before the cost of liv-  
ing had made its spectacular post  
war climbs, and workers felt that  
they had received real consideration,  
and as a result many crafts sent tele-  
grams of appreciation to Mr. Mc-  
Adoo. It was this award that made  
McAdoo the fast friend of labor.

Before he retired rather suddenly  
as Directors of Railroads, Mr. Mc-  
Adoo was again approached by rail-  
road men, and asked to sign a nation-  
wide agreement with the 2,000,000  
employees, which was intended to be  
perpetual, and subject only to change  
and revision. Mr. Hinds, who suc-  
ceeded McAdoo as rail director, did  
sign such an agreement later, but to  
the appeal of the men for more pay,  
he gave a courteous but final nega-  
tive reply, saying that as the National  
Government was soon to relinquish  
control of the roads he did not feel  
like taking a responsibility that would  
have to be met by the private own-  
ers of the roads. It was about this  
time that a general raise was asked  
for which would have given me-  
chanics 85 cents per hour.

Instead of the 85 cents being paid,  
President Wilson, succeeded in get-  
ting the men to accept a raise to 72  
cents an hour, pending a readjust-  
ment of the cost of living on a  
downward scale. After about ninety  
days, the government failing to re-  
duce the living costs, the general  
chairmen of the railroad crafts made  
a determined effort for the last in-  
crease which was allowed, June 29,  
(Continued on Page 2)

## HARDING ABANDONS THE OLD FRONT PORCH

A front porch, in the good old summer time, is a very luxurious place for a chronic loafer. If well shaded and equipped with a number of comfortable chairs and a hammock or two it is far more cozy than the Atlanta jail, from a cell of which one presidential campaign is being conducted. However, the red-blooded American citizen is inclined to look upon one of these veranda campaigns with a certain amount of humor.

Little wonder, then, that Warren G. Harding, republican standard bearer, has been driven out into the open by the gibes of the press and the clamor of the voters to have a "close up" of what they are voting for. His trip to the Minnesota state fair today marks the inauguration of a more strenuous electioneering drive. True enough, there is no better place in the world to smear a bunch of platitudes and to say nothing definite than when standing before an audience of farmers. No better atmosphere could be afforded for singing the praises of frugality and honesty.

But even so mild an excursion marks a change of front. It means that Harding has been smoked out by the aggressive fight of Governor Cox and that it has become necessary for the G. O. P. to exert itself in the hope of winning that victory at the polls in November that only three months ago was taken for granted. With both Harding and Hays on the defensive, the party of the reactionaries is beginning to get alarmed. And nothing will stimulate action to the same extent as fright. In the past, the republican plan of campaign has been rather successful. It was a very simple one: To keep the candidate's mouth shut, for fear he would put his foot into it, and to stimulate business on the hustings by the employment of men with real intellect who could present party doctrines plausibly and safely. Back of this was the sordid part of the scheme, the heavy financing through the assessment of interests that needed legislative and executive "protection". Mark Hanna introduced the new system some years ago. Hays tried to carry it out on a bigger scale, but the campaign bulletins may have quered his game.

It must be admitted that every citizen of this republic has the right to sit on his front porch whenever he sees fit. It must also be admitted that the intelligent voter has a right know the real views of every aspirant for the presidency. Talking machine candidates are looked on with suspicion, especially when it is known who turns the crank.

The one best bet is that the republican members of the senatorial committee investigating the "slush fund" charges of Governor Cox won't find out any more than they can help. Yet this committee draws its per diem and expense money from the tax payers of the United States—both democrats and republicans.

Candidate Harding might help solve the housing problem by offering his front porch for rent, now that it has been abandoned.

Some optimist has sprung a story to the effect that gasoline can be manufactured from straw. Evidently the author of the yarn had been trying out a gasoline "high ball".

## NOTICE TO PUBLIC

Jan. 1st 1921 we will move our store now located 604 Second avenue, to larger quarters, where we can better care for our growing business.

We want to thank you for the support you have given us, and we are going to make the business bigger and better.

Yours very truly,  
Green Grocery Co., Inc.

The hard coal strike is especially hard on the public.

It isn't his phonograph record that Candidate Harding fears most.

The American Society of Sanitary Engineers is urging the standardization of bath tubs. The news will not seriously affect the morale of the Bolshevik armies.

A Memphis police officer, caught drunk on Labor Day, was stripped of his star. Greed is thus properly punished.

Mr. Harding, in his speech today, opposed the fixing of prices of farm products. At least he knows that the war is over.

The patent medicine men will support Cox. They, too, are opposed to substitutes.

## TO RESUME CLASSES

Mrs. J. M. Pettey (nee Miss Roberta Hicks) will resume her classes in vocal and instrumental music on September 15th. Mrs. Pettey is the possessor of a voice that would attract attention anywhere and this public has often had the pleasure of hearing her. She is an accomplished musician and vocalist and taught music in the Decatur schools with marked success.

## Just In Passing

## WOOL SOX POPULAR

"You may have a pretty good stock of silk sox now, but you will have to lay in a supply of wool ones to be right-up-to-the-minute this winter," said Perry Goforth. "Danie Fashion has decreed wool sox for men this year and wool sox it will be. They come in all the fancy colors and design, formerly claimed by the silks."

## WANT PAPER

"I hope the Fairview route of the Daily will be reestablished," said M.

A. Andrew, one of the well known residents of that section. "Delivery by mail makes the paper come to us a little late. We people out there want the Daily."

## SHOVE GOES GOOD

"I was delighted to read of the remarkable showing by Shove Hodge, former Nashville twirler now with the White Sox," declared a local fan. "Shove made his debut yesterday and held the Detroit Tigers to two hits in ten innings, winning his game 5 to 4. Shove's support wobbled in the eighth inning and the Tigers made all of their counters then. Shove had Jennings' crew shut out, without a hit, until the fatal eighth."

## GENERALLY FAIR

Generally fair weather is the prediction for the coming week. The government forecast, issued at Washington, says: "For the South Atlantic and East Gulf States: Generally fair weather is indicated, but with occasional local thundershowers. Moderate temperatures. There are no indications at this time of a disturbance in the West Indies."

## Back Time Checks Will Be Handed To

(Continued from Page 1)

the back pay of which raise will all be paid locally about the fifteenth of this month. Because a peaceable acceptance of this last raise made more secure the railroad national agreement, many workers voted for it, who in reality felt that this best raise, did not sufficiently take care of the increased cost of living. As matters now stand the national wage board's findings have been almost unanimously upheld by the rank and file of the 2,000,000 rail workers, and arbitration has gained another of its hundreds of great victories.

## Increased Satisfaction of Owners

Integrity and good intentions alone are not enough. Nor is experience. But when all three are backed by continuous interest in the owner on the part of both manufacturer and dealer, the result is a different story—in increased satisfaction to owners.

Come in and look at our splendid line of Automobiles. You are always welcome.

**Bad Colds**

Can be "hipped in the bud" if you will, right at the start, use

**RAMON'S  
LIVER PILLS****BECOMES MOTHER ON TRAIN.  
REFUSES MEDICAL ATTENTION**

(International News Service)

SUNBURY, Sept. 8.—A foreign woman of Mt. Carmel, on the Pittsburgh-Eastern express, became a mother as the train sped between Lock Haven and Jersey Shore.

A message was wired to Sunbury, and when the train arrived here Dr. Graham and Dr. Roberts, of the Pennsylvania Railroad, were on hand to give her medical attention, and the ambulance was at the station to

move her to the hospital.

She was able to get out of the train, however, and the physicians found she was in normal condition.

She had wrapped up the baby and was carrying it in her suitcase. She declared it was dead. With her also was a two-year-old child.

She insisted on going through to Mt. Carmel, and as she seemed per-

fectly able to do so she was allowed to proceed.

At the Mt. Carmel station there was a physician whom she knew, and who knew her. He immediately took charge of the case. She allowed him to look at the child and he found that it was still living. From all accounts it will develop into a lusty infant.

The practice of wrapping new-born babies in heavy blankets for a day after birth is declared to be an old custom, brought from the old world, which numbers of foreign women cling to on entering America.

**We'll All Be There  
On Thursday Night**

Take it from me old top if you live up to the standard you think the other fellow should, you will soon have:

The best little wife in the world;  
The best kids in the country;  
The best club in existence;  
The best town in the State;  
The best State in the Union;  
The best of everything both here and hereafter. Going some, but facts.

Now the next best thing you will run across will be Kwanis meeting at the Y on a Thursday evening, September 9 and 7:30 p. m.

**CONTINUES OFFENSIVE**

CONSTANTINOPLE, Sept. 7, via London, Sept. 8.—Although Gen. Wrangel's Kuban expedition proved a failure and his anti-Bolshevik forces were compelled to evacuate Paman Peninsular, the left wing is pressing the offensive against the Reds and is driving them back upon the Dnieper river, said a dispatch from Sebastopol today. Hard fighting was reported in that sector of the Crimean front, lying south of the Dnieper river.

**Lack of Material  
Delaying Work on  
Federal Building**

Absence of material which has been delaying work on the new Federal building on Bank street. Only about ten days work remains to be completed, before the building is ready for occupancy, but due to the failure of manufacturers to fill orders promptly, the contractors are forced to await the arrival of additional flooring and glass for the windows.

**TEACHERS' INSTITUTE**

All teachers of the city schools of Decatur and Albany will meet in Institute Monday and Tuesday, September 13th and 14th, at the Albany High School. This institute is held under authority permitting cities of 2000 population and over, to hold institutes apart from the regular County Institutes. It will be conducted by a representative from the State Department. All teachers are required to attend.

W. W. BENSON, Supt. Decatur.  
R. W. COWART, Supt. Albany.

**REPUBLICAN LEADS**

BOSTON, Mass., Sept. 8.—Incomplete returns from the senatorial election held yesterday show J. Walsh, Republican candidate, leading Richard H. Long, Democratic candidate, by a little over 2,000 votes.

**Brains Knocked  
Out by Auto, Man  
is Still Living**

(International News Service)

CHICAGO, Sept. 8.—One of the most remarkable surgical operations here came to light today when it was announced C. L. Kopp, a merchant of Huron, S.D., would leave St. Luke's hospital entirely recovered from an automobile accident which literally dashed out his brains. Kopp was struck by an auto on August 14.

The whole left side of his head was crushed and a portion of his brain protruded from a fissure of his skull. Harry Mock, a former army surgeon, removed bits of straw from Kopp's straw hat, which had been thrust into the brain tissue; removed two or three pebbles and a piece of rubber which had lodged in the wound; replaced the portion of the brain and closed the fissure. Later Kopp had recovered consciousness and his recovery was rapid.

**Towns Destroyed  
By Italian Quake;  
Many Lose Lives**

ROME, Sept. 8.—A heavy death toll was taken by the earthquake in northern Italy on Tuesday, it was indicated by advices received today from the stricken zone. A number of towns were demolished. Villa Collemandina, a town of 2,000 people, was destroyed. The town of Sivizzano is a pile of ruins, according to information from Spezia. The number of dead cannot be as yet estimated, but it is expected to run into the hundreds.

**Candles on Toast!**

An adult Eskimo is capable of consuming twenty pounds of flesh and oil daily. A Yakut will wash down this quantity of flesh with a quart or two of train-oil, and take as dessert a dozen tallow candles.

A famous naturalist, who cooked part of a boar's trotter, declared that it tasted very much like veal. On another occasion he tested crocodile and pronounced the flesh excellent.

Frobisher and Settle both commented on the way the inhabitants around Hudson's Bay used to eat grass. "Such grass," says Settle, "as the country produceth, they pluck up and eat, not daintily or salad-wise, but like brute beasts."

Humboldt tells of men living on the banks of the Orinoco, who eat earth. They knead the earth into balls of from four to six inches in diameter, and bake them before a slow fire.

**"Plazzas"**

"Plazzas" I have written throughout, and I insist upon the name as I insist upon the thing. It is not very clear from what suggestions our forefathers, in post-colonial days, developed the thing, and it is not clear at all how they came to adopt for it an Italian name, changing the significance as well as the sound.

In the South they have always said "gallery," and here at the North "porch" now appears to be displacing "plazza." But these are rightly the names of other things, and while there can, of course, be no objection to the orthodox English "veranda," it seems a pity to abandon a distinctively American name for a distinctively American kind of veranda. — Mrs. Schuyler Van Rensselaer in Scribner's Magazine.

Englishmen smoked in church in the 16th century.

**For  
Torpids  
Liver**

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. White-side, of Keota, Okla. She continues: "I had a pain in my chest after eating—light, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

**Thedford's  
BLACK-  
DRAUGHT**

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, eczema, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, flatness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.

Accept Only  
the Genuine.

**\$100,000 a Year to Insure Convenience  
Come and See the Sellers**

WE want every woman interested in making housework easier to see and inspect the beautiful Sellers Kitchen Cabinet—generally voted the world's most convenient kitchen cabinet.

We want you to see how and where have been added special improvements which cost

the manufacturers over \$100,000 extra each year, and which make the Sellers the ideal of thousands of women.

These are not mere features, made for selling purposes. The conveniences to which we refer are major improvements of vital need—never before combined in any cabinet. Found only in

**SELLERS KITCHEN  
CABINETS***"The Best Servant in Your House"*

The famous Automatic Lowering Flour Bin—a "Sellers" invention, is conceded the most important improvement ever made in a kitchen cabinet. \$52,000 each year, more than ordinary flour bins cost, is the price paid to supply this convenience.

The Automatic Base Shelf Extender—which costs \$9,000 extra each year—the Ant-Proof Casters, a \$10,000 extra feature—the Oil Hand-Rubbed Finish, costing \$9,750 extra each year—Dust-Proof Base

Top underneath the Sanitary Porcelain Work Table are others. Altogether there are 15 long-wanted improvements never before combined in any cabinet.

Yet the Sellers costs you no more than any good cabinet. Any average home can afford one. We will gladly arrange terms to suit your income.

Come in today and let us demonstrate the Sellers for you.

## WHY WIVES OUGHT NOT TO BE BORED BY STATISTICS

"Statistics are simply the record of human experience," says Mr. Babson, the statistical expert. "They are more interesting than a novel, because they contain the essence of a million novels. They are as interesting as your own life, because they show you concretely the influences which shape your life."

Statistics show, a regards widows, for example, that sixty-five per cent of them are left with less than three thousand dollars to live on. Talk about novels! Think of the tragedies compressed into that one statement. If you are a married woman, doesn't it make you speculate pretty seriously about your own prosperity when you know that the chances are two to one that you will be left with less than three thousand dollars to keep the wolf from the door? It is just as I said: Statistics hold up a warning hand. They show us where the danger lies. Then we can get busy and lay a safer course."

Mrs. Claude McMillan and children will return the latter part of the week from a visit to relatives at Elmers, S. C.

Mr. and Mrs. J. R. Thomas leave today for a several week's stay at Asheville, N. C.

Misses Alma Hartung and Evelyn Davidson have returned from a visit to relatives in Tennessee.

Miss Clutie Bloodworth has returned from Chicago, where she attended summer school.

Mrs. M. L. Gibbs, and daughter, of Eldrad, Ark., were the guests of Mrs. Will McDermott, for the past week. Mrs. Gibbs and Mrs. McDermott attended a family reunion at Nashville.

## PERSONALS

Rev. O. E. Hall, of Franklin, Tenn., is visiting relatives here.

Cecil Royer has returned from his vacation and resumed his duties with the Morgan Brokerage company.

B. J. Nelson spent Tuesday in Cullman and Hartselle on business.

Walter Morris left Monday for Tallahoma, Tenn., to re-enter College at that place.

Dr. Ayer has returned from a two week's vacation spent at Buffalo, N. Y., where he visited relatives.

## Celluloid Collar Swimming Aid.

The timid beginner can learn to swim in ten minutes, it is claimed, if he wears about his neck the new "swimming collar."

This collar, as described in Popular Mechanics Magazine, consists of a cylinder of transparent celluloid, about eight inches high. Across the bottom is cemented a rubber sheet with a central aperture. The edges of the aperture fit snugly about the neck. Thus the new swimming aid holds the head above the water, and recommends itself to fair swimmers because it keeps the hair dry.

## Let's Have the Sugar.

The insular government is trying to produce cheap sugar and alcohol from the Philippine nipa palm, the islands having more than 100,000 acres of the trees.

## Bank Vice-President

**Tells How Ziron Iron Tonic Helped His Daughter After Operation for Appendicitis.**

**A**FTER any serious illness, the first thing you notice when you begin to get around is your lack of strength and energy—a tired, weak feeling.

The sooner you get your strength back the better. The thing to do is to eat plenty of good, nourishing food, get all the fresh air you can, exercise conservatively, and take Ziron Iron Tonic three times a day.

Your doctor will tell you this is sound advice, and urge you to follow it.

Read this letter from Mr. J. B. Kelly, vice-president of the First National Bank, Graceville, Fla.: "My daughter had been in bad health since last April. She was operated on for appendicitis. She has been taking Ziron for two weeks. Her appetite is better than it has been. Her nerves are better, and she says she feels better. I know that Ziron is good for weak and feeble people."

Ziron is a scientific, reconstructive tonic, prepared from valuable strength-building ingredients, for weak people with thin blood. Druggists sell Ziron on a money-back guarantee. Try it.

## Somerville News

H. L. Spencer and Will Mayer of Decatur made an early morning call to Jas. P. Cain Monday, returning to Albany in time for the Labor Day parade.

Mr. and Mrs. Joe Winton were in Albany for the Labor Day celebration.

Mrs. M. K. Brindley received a message Tuesday that her sister at Bridgeport, Ala., had been carried to Chattanooga for an operation.

Mrs. Lula Wade who has been in Birmingham for several weeks for an operation is now at the home of her son, W. T. Wade in Hartsville. She is improving slowly.

Miss Lula Bean of Florence is reported dangerously ill.

Salted whale meat is a Japanese delicacy.

Microbes are easily measured.

Greenland has no infectious diseases.

Incidental Fees

The following incidental fees will be charged all pupils who are bona fide residents of Albany. In the first grade through the seventh, \$2.00 per pupil per year. Where there are three or more from the same family, and all secure their incidental receipts at the same time, this fee is \$1.50 per pupil per year. In the eighth through the eleventh grades, \$5.00 per pupil per year will be charged. (Where there are three or more from the same family, as above, this fee is \$3.75 per pupil per year.) Half of the above amounts is due at the beginning of school and half in January. Mr. Henry Hartung, at the City Hall, is prepared to issue these receipts now. You can help him a great deal by getting your receipt now. It will be impossible for him to wait on all pupils a day or two before school.

Non-Resident Pupils and Pupils 21 Years of Age and Over.

Pupils who come from outside the corporate limits of Albany will not be admitted until the pupils within the city are provided for. If there is room for non-residents, they will be admitted by payment of a tuition fee. Pupils twenty-one years of age and over will be admitted only upon payment of a tuition fee. The tuition fee in all grades through the seventh is \$9.00 per pupil, per half year; in the eighth grade through the eleventh grade this fee is \$13.50 per pupil, per half year. These fees are due at the beginning of each term. They are to be paid to the superintendent at his office in Gordon school. Teachers are not permitted to receive fees from pupils.

Pupils Six Years of Age

All children, residing in Albany, who are six years of age on or before the first day of October, 1920, will be admitted on the same basis as other resident pupils. Children who will be six years of age after October first, 1920, need not apply for admittance this year. The first day of October is the date appointed by State law, as marking the legal age at which a child may enter school. Those who do not come within this date are not permitted to attend school until next session.

Compulsory Attendance

All children between the ages of eight (8) and sixteen (16) years must attend school for at least 100 consecutive days, beginning at the first of school, unless they are exempt under the provisions of the Compulsory Attendance Act, or the Child Labor Law. Parents are held responsible, under the law, for the regular attendance of their children at school.

Boundaries for Attendance

I order to keep our grades balanced and to prevent over-crowding, the following boundaries for each school must be observed.

All children living in the territories, as bounded below, will attend

school in the territory, in which they live, unless they belong to a grade higher than is taught in that school. These will attend as designated:

First Ward School: Bounded on the north by the city limits; on the east by the L. & N. Railroad; on the south by the L. & N. railroad; on the west by the city limits. Grades taught—first through fourth. Higher grades attend Gordon school.

Second Ward school: Bounded on the north by Sixth street and a line extending Sixth street to city limits; on the east by the city limits; on the south by the city limits; on the west by the L. & N. railroad. Grades taught, first through the seventh. Higher grades attend High School.

Third Ward School: Bounded on the north by the city limits; on the east by the city limits; on the south by a line extending Sixth street from Somerville road to city limits, on the west by the Somerville road. Grades taught, first through fourth. Higher grades attend Gordon school.

Fourth Ward, Gordon School: Bounded on the north by the city limits; on the east by the Somerville road; on the south by Sixth street; and on the west by the L. & N. railroad. Grades taught, first through the sixth. Higher grades attend High School.

Text Books

Text books will be the same as last session except the readers in the first, second and third grades. Due to the fact that the Publishers of the books formerly used, Stepping stones to literature, cannot supply these books and, for fear that enough second-hand copies could not be had to meet the needs, the Board of Education has selected the Beacon First, Second and Third Readers to meet this book shortage. Those who have the stepping stones readers may exchange them or the Beacon readers by paying the exchange price.

Expression For Second Ward

Miss Vivian Burton will have a class in expression in the second ward school this session. Miss Burton comes well recommended and is prepared to do good work. This is the first time an Expression class has been taught in this school, and it is hoped that many students will take advantage of it.

Respectfully,

R. W. Cowart, Supt.

## Announcement of Opening Albany Public Schools

September 8, 1920  
The schools will open Wednesday, September 15th, at 8:15 o'clock. In compliance with State Law, the teachers will meet in Institute Monday and Tuesday, September 13th and 14th.

Assignment of Pupils

After the first day all pupils must report to the Principal, of the school attended, for assignment. New pupils must report to the Principal, all times, for assignment.

Conditioned and non-promoted pupils must report to the rooms where they attended last session. Examinations for removal of conditions and assignments of new pupils will be given Wednesday the 15th of September. A certificate of six weeks study, under an instructor, will be required of all candidates for examination. This certificate must be signed by the instructor.

lustrate his address with motion picture slides. The lecture is for men only, and no boys under 13 years of age will be admitted. The use of the theatre was given free of charge by Manager Cagle, and no admission will be charged, as the lecture is part of a campaign of education being conducted by the state health department in an effort to eliminate social diseases.

## A Resolution

Be it resolved by the City Council of the City of Albany, Alabama, as follows to-wit:

That at the general municipal election to be held in the City of Albany, Alabama, on the third Monday in September 1920, which is to-wit: the 20th, day of said month, one polling place shall be established and opened in each of the Wards in said City.

Be it further resolved that the electors or voters entitled to vote at said municipal election shall vote at the polling places established and opened in the respective wards in which they reside.

Be it further resolved that Poers Barn on Second Street West near Fifth Ave. West is hereby designated as the polling place for ward one.

That Eubanks Store No. 1323 1-2 Fourth Ave. South, is hereby designated as the polling place for ward two:

That the Reel House on Grant street East as hereby designated as the polling place for ward three.

And that the City Hall is hereby designated as the polling place for ward four:

Be it further resolved that the election officers appointed by authority of this resolution shall be for Ward One.

Inspectors—R. H. Ellis, R. A. Kirkland and O. W. Nix.

Clerks: Luther Handley and Geo. W. Warrick.

Returning Officer: W. B. Newsom.

Ward Two—Inspectors: I. M. Eubanks, F. M. Hamilton and Henry Norton.

Clerks: H. W. Dillehay and Chas. Sittason.

Returning Officer: J. H. Hill.

Ward Three—Inspectors: S. L. Cook, J. B. McGar and J. D. McCormack.

Clerks: C. Weigand and Will Winton.

Returning Officer: B. C. Dodd.

Ward Four—Inspectors: W. L. Goyer, E. R. Rainey and Ernest Walker.

Clerks: W. A. Britian and B. B. Pickens.

Returning Officer: W. H. Sorber.

Officers to be voted for as follows: Mayor, President of the City Council, Chief of Police and two councilmen from each Ward.

A. C. Dillehay, Mayor.

H. Hartung, Clerk.

Adv. 8-17

## Rheumatism's Pains Are Always Treacherous

Summer an Excellent Time to Combat the Disease.

Some cases of Rheumatism give very little trouble to their victim during the summer season, and for this reason now is a most favorable time to take a course of treatment that will reach the cause of the trouble and remove it from the system.

S.S.S. has proven a splendid

remedy for Rheumatism, especially that form of the disease which comes from germs in the blood. Being such a thorough blood purifier and cleanser, it routs the germs

The Facts of the Telephone Situation  
in Alabama

By J. EPPS BROWN, President.

SOUTHERN BELL TELEPHONE &amp; TELEGRAPH CO.

## The Company's Meager Profit

Since 1916 the cost of labor, material and all other expenses of operation have constantly increased.

Operating costs have increased at a higher ratio than the gross revenue.

The margin of safety between expenses and income, essential for successful operation, has steadily disappeared. The danger line has been reached.

In 1916 the Company's investment, used by the public, in its territory, including the states of Alabama, Georgia, Florida, North Carolina and South Carolina, was \$28,072,313.08  
Its gross operating revenue was 7,703,075.41  
Its net operating revenue was 1,370,008.80

In 1919 the Company's investment, used by the public, in that same territory was \$34,321,211.20  
Its gross operating revenue was 10,358,027.52  
Its net operating revenue was 1,193,233.84

On an increased investment of 6,248,898.12  
The Company's gross revenue increased 3,654,952.11  
The Company's net revenue decreased 176,774.96

The Company's operations exclusively within the state of Alabama tell the same story.

In 1916 the Company's investment, used by the public, in the state of Alabama was \$7,077,758.14  
Its gross operating revenue was 1,849,159.87  
Its net operating revenue was 241,596.51

In 1919 the Company's investment, used by the public in Alabama was \$8,341,724.24  
Its gross operating revenue was 2,605,993.84  
Its net operating revenue was 194,838.37

With an investment increased 1,263,966.10  
And gross revenue increased 756,833.97

The Company suffered a decrease in its net earnings in the state of Alabama, during 1919, amounting to 46,758.14

A detailed statement of the Company's investment, revenue and expenses in the state of Alabama for the years 1916, 1917, 1918 and 1919 was given in the second advertisement of this series.

All of these figures are actual operating figures. They represent only physical property, and cash received and expended in furnishing telephone service. They have no relation whatever to stocks, bonds, or other forms of capitalization, franchises or "intangibles."

The Company earned 2.34 per cent upon its investment in Alabama during 1919.

The difference between this meager profit and a fair and just profit is what our business contributed to your business last year.

We hope that you will study these figures.

They are your figures as much as they are ours.

They are as vital to you as they are to us.

You could not conduct your business without our business.

Our business can not continue to serve your business unless these figures are speedily changed.

No one could. The United States Government tried it, and failed.

You must help us change these figures if you want us to serve you.

We have accounted to you for the money you have paid us.

If you want more, or other facts, we will gladly give them.

The next advertisement will tell what we must do to adequately serve you during the next five years

Cemetery, is the centre of a bitter

legal controversy in District Court

here. Dr. D. M. Smith, prominent

physician, has been granted an order

restraining his former wife and his

daughter-in-law from touching the

grave of his son in the first court

verdict on the unusual case.

The iron vase, which the mother

placed on the boy's grave, was re-

moved by the physician because he

thought it "unsightly." The mother

then threatened to move the body to

another cemetery, where she could

decorate the grave as she pleased.

The court order halted this move.

The Smiths are discovered.

Fiji Islanders use whales' teeth as

currency.

New York has more Italians than

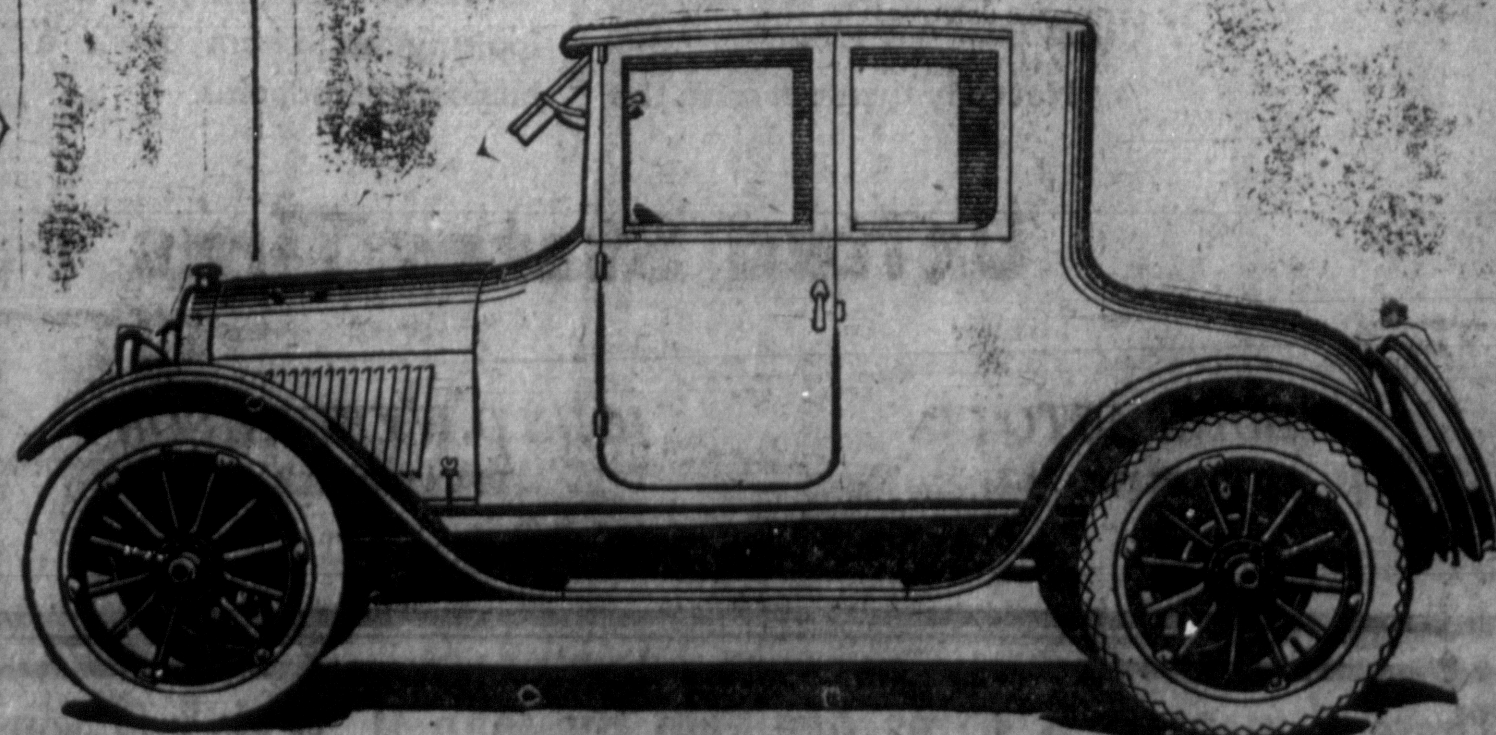

has Rome.

CHEVROLET "FB 30" Coupe has that rich, distinctive appearance which is realized fully only in the best enclosed models.

There is a trim smartness about it which singles it out for attention even among higher priced cars.

Chevrolet "FB 30" Coupe is an unusually attractive car, and like all Chevrolet models you can rely upon it absolutely for constant, every-day, economical performance.

# Prosperity and Happiness Go Hand in Hand

*Not only those who live within the corporate limits of the Twin Cities, but those of adjacent rural districts, should contribute to the general prosperity of this section by keeping their dollars at home.*

*Even the residents of the smaller nearby cities should find it more to their own individual interest to shop in Decatur and Albany when their local stores cannot supply their wants rather than send their money to some distant mail-order house.*

## The Closer Home You Keep Your Dollar, the Quicker It Will Get Back to You

*What chance have you to share in the prosperity of some distant city?*

*Why should you add to the general wealth of that city?*

*In ninety-nine cases out of one hundred, the commodity you want can be purchased from a local store at equally as good a price as you would have to pay were you to send your order to a distant city. And, added to this, there is that element of personal contact between you and your merchant which guarantees to you a "square deal"—which assures a satisfactory transaction.*

*Surely this city would be more prosperous and its people a happier lot if every dollar earned in the Twin Cities was spent in the Twin Cities.*

*That which makes for the prosperity of a community adds to the happiness of its citizens.*

## SPECIAL SERVICE AT METHODIST CHURCH

ROLL OF MEMBERSHIP WILL BE  
CALLED NEXT SUNDAY  
BY PASTOR

(By J. ADLAI WEST)

HARTSELLE, Ala., Sept. 8.—A  
special service will be held at the  
Methodist church next Sunday.

Rev. J. O. Grogan of the South Ala-  
bama Conference occupied the pulpit  
at the Methodist church last Sunday  
morning and night. He was visiting  
a daughter who is a teacher in the  
High School here.

The following committees for the  
day have been announced in the  
church calendar: Publicity: Leeman,  
Boteler, and M. G. Vest; Automobiles:  
Cooper, Lee and S. F. Orr; Shut-ins:  
Mrs. Echols, Mrs. Nelson, and Mrs.  
Bracken; Decorations: The Mission-  
ary Society; Children: Mrs. Cantrell,  
Mrs. Armstrong, Mrs. A. G. Puckett.  
The church membership now numbers  
425, and each name will be called at  
the eleven o'clock service.

Rev. J. O. Grogan of the South Ala-  
bama Conference occupied the pulpit  
at the Methodist church last Sunday  
morning and night. He was visiting  
a daughter who is a teacher in the  
High School here.

Dr. John D. Sherrill arrived home  
yesterday from New York and Bos-  
ton, where he has been for some  
time taking special lectures on Ortho-  
paedic or Bone Surgery. He will be  
associated in the practice of this  
branch of surgery with Dr. Scott, of  
Birmingham. Mrs. Sherrill, who has  
been spending some time with rela-  
tives in another state, and their lit-  
tle son, joined the doctor on his trip  
home.

Rev. Smith, pastor of the Baptist  
church, preached to two large au-  
diences at his church last Sunday  
morning and evening.

Cordie Doss left Saturday for Tus-  
caloosa, where he resumes his studies  
at the State University, in the law  
department.

Paul Doss is home after spending  
some time at Belle Buckle, Tenn.,  
where he attended a summer term of  
school.

Mrs. Carrie Hutchinson, of Bir-  
mingham, is spending several days with  
relatives and friends here.

W. A. Spencer and family, of Mel-  
bourne, Fla., spent the week-end with  
relatives here.

Mrs. G. G. Glover has returned  
from Florence, where she has been  
spending some time with relatives.

Mrs. Joe L. Rountree has returned  
after a visit to relatives in Tennes-  
see.

G. W. Wiley has sold his general  
merchandise business here and will  
retire for awhile. It is understood  
that he will begin the erection of a  
brick business house on West Main  
street, and enter business again at  
a later date.

The city authorities are re-asphal-  
ting Main street from the railroad  
west.

Cotton is beginning to open quite  
freely in this section, and ere long the  
familiar sound of the cotton gin will  
be heard.

A best organization of the Ameri-  
can Cotton Association was effected  
here Saturday. A County organiza-  
tion of this association was completed  
some time since. The minimum price  
of forty cents has been fixed as a fair  
price by the organization. The offi-  
cers of the organization are active,  
and comprise some of the best men  
in both farm and business life.

Few comparatively have their coal  
for the winter, and the coal dealers  
here say it is impossible to procure  
any at present. With winter so close  
to hand, the seriousness of the situa-  
tion is very apparent.

R. W. Boteler has returned home  
from Birmingham where he worked  
for a time as a Linotype operator on  
the Age-Herald. His many friends  
here are glad to see him home again.

The City Cafe, Hartselle's new eat-  
ing place, is a well appointed and  
up to date place of the kind. It is  
operated by S. Luke Parker, and is  
enjoying a splendid business.

### Hartselle News

The Hartselle Public School opened  
yesterday with the largest enrollment  
in its history. It was necessary to  
rent the large basement in order to  
make room. Under the direction of  
Prof. G. G. Glover, the school has  
grown in numbers and influence and  
the town is indeed fortunate in hav-  
ing him as its principal. Teachers  
were on hand for all the departments  
and the very best years work in its  
history is looked for.

Mrs. M. F. Patterson and daugh-  
ters Misses Lottie, Ruth and Sarah,  
were here a short time yesterday.

The officials of the Morgan County  
Fair Association are busily engaged  
in getting every thing ready for the  
opening day, September 29th. Con-  
siderable improvements have been  
made on the grounds since the last  
fair, and some additional buildings  
have been erected. The race track

has been put in first class shape, and  
this one feature of the fair always  
attracts much interest. One of the  
best carnivals in the country has been  
engaged and the management pro-  
poses to do things on a big scale the  
present year.

About 65 delegates are expected in  
attendance on the Morgan County  
Baptist Association which convenes  
here next Thursday and Friday. The  
topics for discussion are arranged by  
the standing committees of the asso-  
ciation, and deal with the vital work  
of the church in these discussions.  
Homes have been assigned all the  
delegates and proper committees will  
be on hand to see that delegates on  
the incoming trains will be assigned  
homes promptly.

R. A. Burleson, the newly elected  
representative to the state legisla-  
ture is making his arrangements to  
attend the special session of that body  
recently called by the governor. Mr.  
Burleson served as captain in the  
world war in France, with the Amer-  
ican Expeditionary forces, is an ex-  
actor of no mean ability, and his  
friends are predicting for him a re-  
cord in the coming session.

## Tire Mileage Increased and Cost Reduced—for Small Cars

You can buy Goodyear Tires today  
at prices which are no higher than  
they were ten years ago.

And from these tires you can now  
obtain more actual mileage due to  
advancements made by Goodyear in  
their construction since 1910.

The present cost of Goodyear mile-  
age therefore is decidedly less and  
this fact applies to all the line,  
including the 30x3-, 30x3½- and  
31x4-inch size Goodyear Tires built  
especially for small cars.

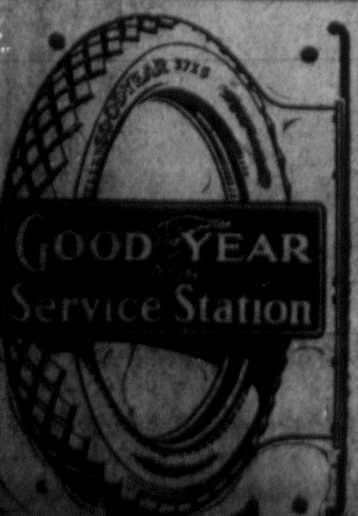

If you own a Ford, Chevrolet, Dort,  
Maxwell or other car taking these  
sizes, go to your nearest Service  
Station for Goodyear Tires—get ex-  
ceptional mileage at very low cost.

30 x 3½ Goodyear  
Double-Cure Fabric,  
All-Weather Tread \$23.50

30 x 3½ Goodyear  
Single-Cure Fabric,  
Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no  
more than the price you are asked to pay  
for tubes of less merit—why risk costly  
casings when such sure protec-  
tion is available? 30 x 3½ size \$4.50  
in waterproof bag
